

Flower Brooch

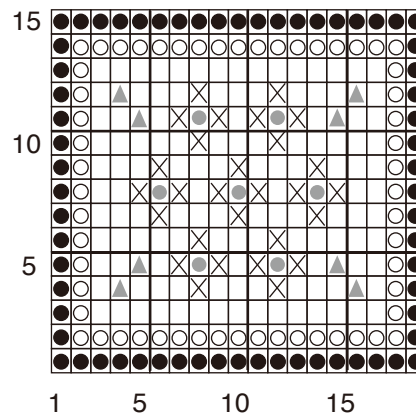

Instructions

1. Weave the beads together and finish off the threads as shown in the diagrams.
For information on how to weave and finish off the threads consult the user's manual that comes with the product.
 2. Cut a piece of felt slightly smaller than the motif and attach the brooch pin to it.
 3. Attach the beaded motif to the felt piece from (2) to complete the design.
- * When fastening the threads, you can also turn the piece over and glue them together.
