Materials

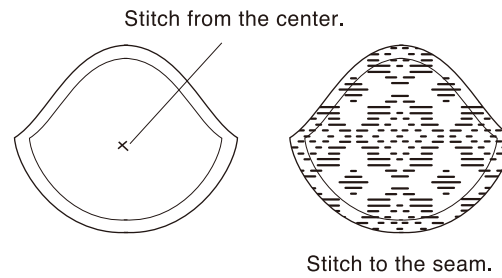

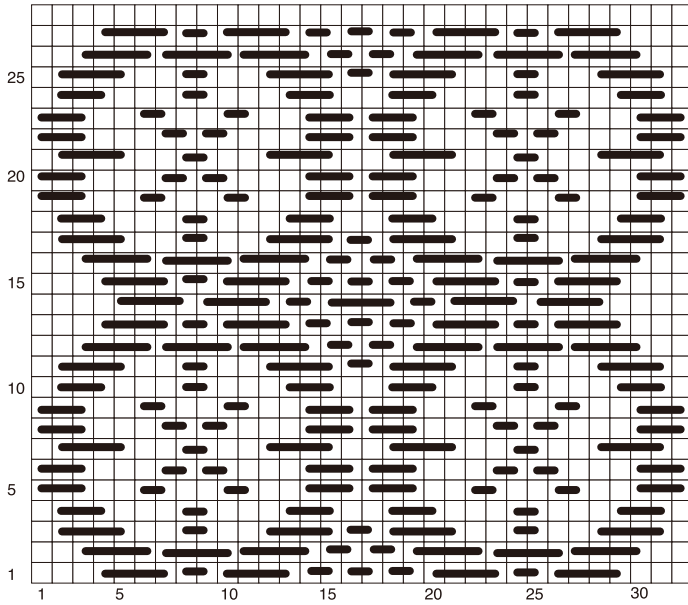

- Fabric: Embroidery Cloth
- Backing cloth
- No. 25 Embroidery thread.

● Clover 2

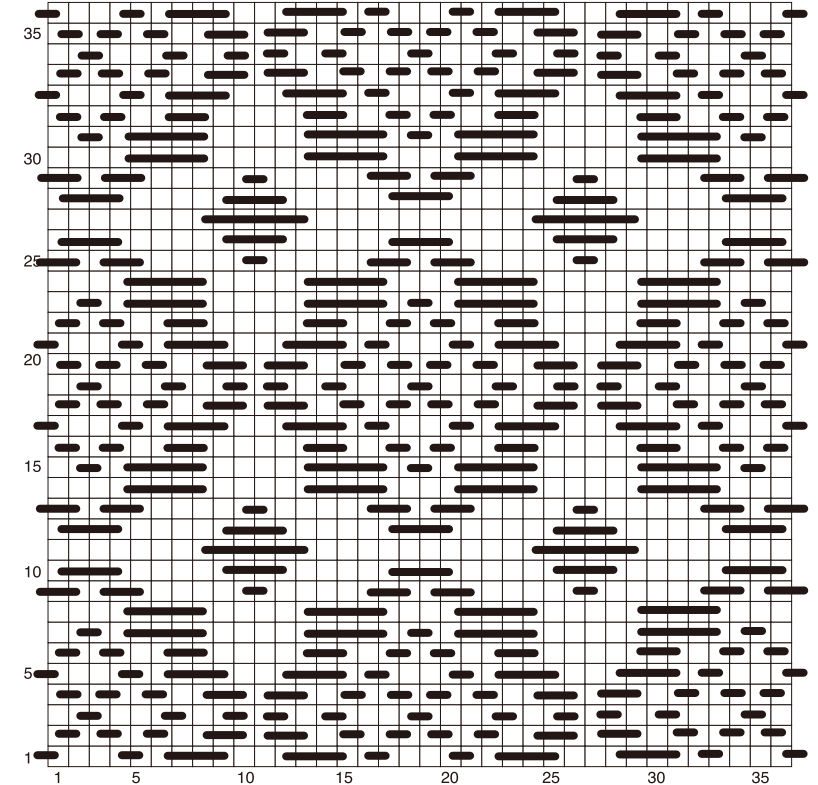

Kogin Embroidery Design

● Clover 1

● Nordic pattern

Instructions

1. Prepare a pattern paper of what you want to make and cut it with the necessary seam. Sprinkle around with a thread to prevent fraying.
2. Decide the center of the part you want to embroider and stitch it so that it becomes the center of the design. Take six strands of No. 25 embroidery threads and stitch them one by one with cross stitch needle No. 20 (238) Stitch also the seam.

- * Stitch carefully so that the strength of the thread will be constant.
- * Be careful not to twist the thread.

3. Tailor it to a finished work.
