

# Pine Tree Decoration

The amazing combination of a pine cone and yo-yo “balls” creates this Pine Tree decoration.

Make the yo-yo ball by inserting a small bit of stuffing into the yo-yo before drawing up on the center.

Place the Extra Small yo-yo ball into each space on the pine cone and glue in place.

Top the Pine Tree off with a ribbon.

Cover a base with one of the yo-yo fabrics for display or hang as a decoration on the tree.
