Pom-Pom Sticks

To Make Pom-Pom Stick

1

Using 65mm Clover Pom-Pom Maker, make a pom-pom using approx 5g felting wool.

Tie thread in a half knot around the middle of the completed pom-pom, leaving just enough slack for positioning the straw centrally.

3

Insert approx. 1cm of the paper straw through the centre of the pom-pom.

Tie knot tightly to secure paper straw.
Cut off excess thread.

4

Put some craft glue around the top of the straw.

5

Shape pom-pom into a neat ball, concealing the top part of the straw.

Trim pom-pom as required to achieve a smooth, round ball shape.

6

Attach ribbons with craft glue to finish.
