• [Needle Felting Mat \(Small\)\(Art No. 8910\)](#)

• [Water Erasable Marker \(Thick\) \(Art No. 516\)](#)

• [Patchwork Scissors\(Mini\) \(Art No.493/CW\)](#)

• [Patchwork Scissors \(Art No. 493\)](#)

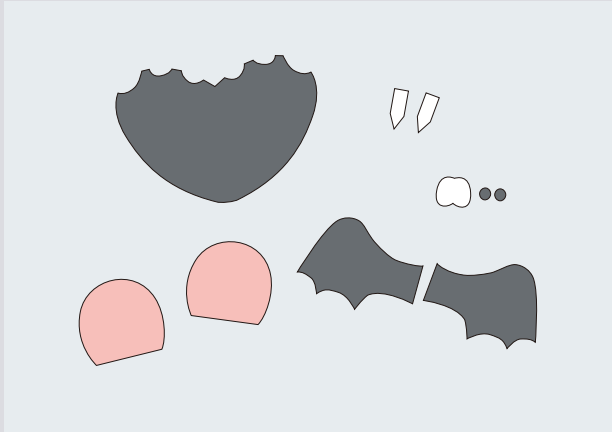

- Hot glue gun and glue sticks

Baby Bat Halloween Decoration

Cutting

1

From the felt: <template provided.(page 7)>

- 1 foot shape (dark grey)
- 2 wings (dark grey)
- 2 ears (pink)
- 2 teeth (white)
- 1 eye shape (white and dark grey)

Comments from designer :

The Water Erasable Marker is really helpful.

Making

2

Firstly make the pompom. There are excellent instructions on the product card but, briefly, open two arches of the pompom maker together, wind the yarn and repeat on the other two arches.

Baby Bat Halloween Decoration

3

Cut the yarn.

Tie the pom-pom with a piece of matching yarn.

4

Remove the pom-pom from the pom-pom maker and trim to shape with the larger Patchwork Scissors. (Art No. 516)

TIP: The idea is to make a shape slightly larger on the bottom.

Baby Bat Halloween Decoration

5

Pinch the base of the ears and add a little hot glue to give them shape.

6

Glue them to the top of the pom-pom .

Baby Bat Halloween Decoration

7

Use hot glue to glue the feet to the base of the pom-pom.

8

Prepare the eyes with a little scrap of black felt for the pupils. Cut two small pieces as round as you can and lay them onto the white eye shape. Use the Pen Style Needle Felting Tool to secure the black felt pieces onto the white .

Comments from designer :

You can glue these on too but I don' t like to do this because it can be very messy. The needle felting tool is more precise.

Baby Bat Halloween Decoration

9

Finally attach the wings and the teeth.

TIP: The teeth are quite long and this helps you to glue them into the centre of the pompom so that they are secure.

Make lots of these little cuties to decorate the Halloween table.
