[Patchwork
Scissors
\(Mini\)](#)

1. Make pom poms with your favorite wool yarns.

*In the wreath pictured, 20pcs of pom poms made with Pom-Pom Maker 25mm were used.

2. Attach pom poms to wreath with glue gun.

*For extra embellishment, place pine cones between pom poms as desired.

TIPS:

Pine cones colored in gold makes for a gorgeous finish!

Glue guns are easy to use and make pom poms and pine cones securely attached to wreath.

By placing pom poms and pine cones close together you'll end up with a fuller, more complete finish.
