

Tissue Cases

Case A Instructions Finished Size: Length approx. 10.5 cm, Width approx. 13 cm.

1. Set the Mini Weaving Loom (Double), set up the warp without fringe and weave 26 rows (refer to user's manual). For A1 make a hound' s-tooth check pattern. When making A2, change thread color after 5 warp and weft threads, creating a checkerboard pattern.

2. Fasten off the yarn, and bind the both sides as having an opening in the center.

Tools

- Mini Weaving Loom (Double)
- Patchwork Scissors (Mini)

Materials

- Super Bulky Yarn (35 m / 70 g)

For Case B, you will need a snap clasp and a fancy button. Sewing needle and thread.

Case B Instructions Finished Size: Length approx. 9.5 cm, Width approx. 13 cm.

1. Set the Mini Weaving Loom (Double), set up the warp of 52 without fringe and weave 26 rows (refer to user's manual). After every 13 yarn change colors, creating a checkered pattern.
2. Fasten off the yarn, and fold so that the pocket area is around 9 cm deep, as shown in the Photo. 1. Bind the both sides and attach the clasp and button to complete the design.
